

Welcome to the April Newsletter!

Warmer weather means more golf-outings. The sport is a big part of the corporate world, from casual putts to tournament sponsorships. Below, we've gathered our favorite styles for looking and feeling great, both on and off the course.

Key Apparel Features

Look for these key features when shopping for performance apparel.

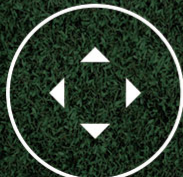

WATER RESISTANT

For unexpected weather changes, opt for water repellent layering pieces to stay dry during rainy times. Vests and windbreakers are some great options to consider!

MOISTURE MANAGEMENT

Long days on the course call for some serious reinforcements. To stay cool while temperatures rise, make sure to opt for pieces with moisture management technology.

STRETCH

No one likes a stiff shirt when they're playing golf! Opt for fabrics with spandex or elastane that move with your body and allow mobility.
